Our parliament gets more and more crazy. Last week they refused to support Guaidó.
Every time they deal with foreign policy it's a disaster.

America pulling out from authority role is like the teacher leaving the classroom with all

Yes, it's good for my international credibility but it's not very good for my internal image
when they overrule me. Media say it was my second defeat, after migration compact.

That's why it's better the parliamentarians don't touch the foreign policy agenda in the future.
