You may tell me , this is what I want . I take it on face value, he might understand with more nuance and suggest it is not what you really want but only what you are saying. Too complex for me

In fairness this is not I think what I was saying. She has Jekyll Hyde aspect not all driven by my actions. Reasonable to wonder odds that if it was what she wanted she could achieve Jekyll 80 percent of time

1. There is a cultural translation problem. . Jekyll is face. Hyde is real. Not the same as western. She would argue that everyone is part Hyde. But not as accomplished at appearing Jekyll. I would expect more like thurs or fri for contact.

Forget Jekyll Hyde. It is reasonable to think about how pleasurable or unpleasurable this would be in steady state.
