Sorry ██ , I wouldn't think so... I will probably get to ██ only in the evening, after JE leaves. Do you have the instructions on how to change your code?

Hi Leo,
Please vacuum the 5th floor.
Thanks,
Karyna

Fck I was trying to keep my final for the one subject I am doing outside of ████
theough another new school department simple, and now... the lecturer wants me to write
for the the IT department blog as my final. Because the topic I created was design of the
built environment related to the current innovation in the tech AI. Basically I chose it
because my fellow students at parson pay no attention to it

Hahaha   thank you my dear... they've built a new maker centre which has incredible equipment, laser cutters, 3D printers, all kinds of fairly new technologies which the students aren't interested in and which could enhance their designs endlessly so I will write and design things on everything I find there I think
