He doesn't, my mom helped me with proof for the above amount BUT they may ask me to prove for 70k or more tomorrow in which case I would have to reach out to him. It's awful. If they don't have it done by end of day, they shut for holidays and it's too late

If they asked for a certain amount of funds and you have them, it should be good! Plus you already paid for your education without having a loan!!

But they may want proof of more which I don't have. And depends if they manage or are willing to process it by end of day.

There is no way of that happening, it is impossible, you did everything legally and paid the school a lot of money! For what, for nothing?! There is no way, it has to be settled!

But international just blames [REDACTED] and [REDACTED] just blames international. The woman at the international office was such a bitch to me. As soon as I said I could give her proof of funds she said well she may need proof of more because my undergraduate degree hasn't been evaluated by something or other. I'm scared that she just won't bother to get it done

We spent one hour In ER downtown Lenox hospital, no one even spoke to me when I was crying and almost fainting. Feeling a bit better now. Still waiting on the diagnosis if that's appendix or something else
