Love ibwill apply for opt late, that is govermnt , nothing anyone can do, if I don't get it on time I don't. Things should be in order for graduation because that is internal school based and they will know that I will be graduating no matter what they have to do to make it happen. I have done my part, I have worked hard, never asked for an extension, never handed work in late.

Babe I agree with [REDACTED], focus on your work now and graduation and we think of OPT later or perhaps may be you could talk to our International Student Service (ISS) and explain them the situation and see if they have suggestions or alternatives. You know you can schedule appointment with one of advisors. For me it was very helpful as oppose to just arriving to the office and talking to admins ppl at ISS
