Hmm... it was 10.08 pm and the one I am most concerned about is my cousin [REDACTED] but I'm sure it's fine. I hope. Can't believe these people. I wonder if they are genetically predisposed to extremism and psychiatric issues that could lead to it. Maybe in their forefathers those are the ones more likely to have survived. It's just insanity. Well... it literally is. And it's annoying that England has to deal with it.
