Thanks. I feel like I've been screwed twice in this process. At least once by my own doing. And that makes the whole thing so much worse. I can take being canned. But paying 2 years of college tuition to help it happen has been the hard part.

Anyway, I am thinking of doing without a lawyer or with a local lawyer for the appeal part perhaps. The appeal doc plus two addendums do most of what the witnesses might do and I could call one or two of the faculty involved who weren't really interviewed by OEI, to talk about the real atmosphere at origins and what really happened in our meetings (especially Manfred Laubichler) and then stress what I put at the beginning of the appeal document. Namely not a single faculty post doc or one of my students or attendees at any of our origins conferences ever filed any complaints-that as a professor, researcher, and teacher my record at asu is not tainted.

in her book, Daniels also delivers a below-the-belt blow to the size-obsessed Trump, describing his genitals in lurid detail. She says his penis is “smaller than average,” but “not freakishly small.”
