██ ██ it does worry me a little, try imagine 18 hours almost consistently. It's not a time to be letting your hair down so to speak. It's not like a sleepiness, it's like a spaced out and possibility for poor judgment state of being.

Girls just started another thread about a going out plan when we finish - I'm not sure ██
wants to be part of the other one, as she clearly does such a good job of, and makes a point
of not having dialogue. Let's try find a day when ██ and Karyna are definitely here and
██ is not working :))))
