MRI will only tell you structure that's not so interesting

Might be interesting if they would uptake gadolinium tracer but not sure

You can't exactly hook up to IV

So you have to get contrast agents internalized without damaging

I am packing bed pillows for Jeffrey to take on the plane. Should I also pack a comforter or do you have it?

Good morning Sneaky, have a safe trip!

I left gifts With other stuff that were supposed to go in the car/ plane.

They should be in small "lady M" bag and there are stickers on each chocolate bag with different sign which one is for Miro and which one is for his former employee. Please give it all to Miro, he will figure it out.

Thank you!
