If someone had done what she did that wasn't in Jeffrey's circle I would never acknowledge them again in my life. She just decided one day she was going to stop being friends with someone who had only ever helped her through the hardest times of her life in the US. No one else but me and [REDACTED] were around for her at that time. Interesting sign of character.

If I've learned one thing when investing emotions in people it's to look at the relationships they have built or lack thereof. Decent relationships with family (of course all families

have their issues and sometimes maybe it isn't possible) and good long standing friendships speak volumes to character. If it looks like the aftermath of a hurricane chances are you should watch yo heart. 2015 taught me that . (I had experiences with 2 people that were not dissimilar from each other). Patterns are interesting and die hard. (Which btw reminds me, [REDACTED] was texting me, same same, he's just married now.)

That it's chalked up to issues between 2 people. It's pretty clear by my book what happened and what is wrong and right. And it got worse because I stood up for [REDACTED] and defended her when [REDACTED] went out with [REDACTED]. I took a fall for that, but everyone wants to remain neutral.

That it's chalked up to issues between 2 people. It's pretty clear by my book what happened and what is wrong and right. And it got worse because I stood up for [REDACTED] and defended her when [REDACTED] went out with [REDACTED]. I took a fall for that, but everyone wants to remain neutral.

I stand up for my friends when I see wrong from right. That's why I stood up for [REDACTED]. I am going to invest in the people that would do the same for me.

[REDACTED], I am sorry that you got hurt, I just don't want to say anything because I really haven't been with you guys in any of those situations, so it is only things that I hear from others.. Anyway, I still hope may be one day you could be friends again..
