hello. yes. trying to normalize my situation, have some problems with health, improving it. my weight is 45 kg according to my height, its awful. was in Samarkand talked with mom and dad, I cant even call it talking, but I closed my mouth while they was screaming and beating because it was deserved, and got my passport back. now in tashkent working and under total control dont even see anyone. I want back to you Jeffrey. but I should fix it here and I did it. every every day Im trying to bring our family to normal previous life. Im very afraid to stay here, Im very afraid of refusing my visa because there are so many mistakes there. Im afraid that it will happen and I will stay here and never see you. I know u think Im stupid, but this is my mood right now, sorry. Im sorry that cant send u pictures from my phone couldnt find a programm and then forgot and then couldnt do that one more day etc as usual. but one our friend visited us from Moscow and took some pictures from the birthday and sent me them today. I can show u them and will try to send normal ones. I miss you Jeffrey, so so much.... take care

jeffrey.. I have to go and finish something before I go to bed tonight. will talk tomorrow. I wanted to tell you that they have asked me here to take a part time position as Inaugural Director of a new National Institute for Theoretical Physics in Australia.. that is confidential, and still evolving.. and I was going to tell you something amusing about my mortgage but will do that later.. and more on evolution too.. Let's get together to talk.
