I knew her very well. She drove herself crazy . Worrying and took her own advice and of her boyfriend. That knew little as well. She went to doctor after doctor. Anxiety and bad answers. Had a very bad ending. She was great. Smart but so lost and confused and worried . It was easy to have been another ending. But she didn't have a father and no one was strong with her .

Each time she went to a doctor they told her something a little different. . her boyfriend was afraid she would gain weight and not be able to earn money. It was horrible. Her

mind drove her to throw herself out of the window.

No, Jeffrey - i didn't mean that I will not take medicine to fix my cyst ! I would love to have a medicine which can fix my cyst - no one told me that it is a medicine which can fix it , we talk about contraceptive pills - and the reason why I didn't take them it's cause I don't have a regular partner , so why should I ?
