Delivery Arrangements

Track your order at the above link and/or contact the carrier for more information about the delivery date and time. Most ground shipments do not require a signature upon delivery, but it is highly advisable that you retrieve it promptly once delivered. We cannot take any responsibility for loss or theft once it is recorded as delivered, and you need to inspect items for damage promptly. All delivery/inspection guidelines apply equally whether it is you or anyone else who retrieves it.

Inspect for Damage

Under all circumstances, we need to be notified within 24 hours of delivery about any damage or missing parts, or we cannot take any responsibility for it. You can reach us at [REDACTED] or [REDACTED].

Miscellaneous

If you live in a gated community, you may need to notify gate personnel in advance or provide the carrier/driver with an access code. In some locations, the order will need to be dropped off at the end of a street or subdivision due to low wires or city ordinances.
