

Passengers under the age of 18 traveling to or from the United States, when not accompanied on the trip by both parents or legal guardians, must bring with them a signed, notarized Consent Form for International Travel by Minors ("Consent Form") and/or any other required documentation described below. Flight Options also requires a copy (via facsimile or other method of delivery) of the Consent Form and any additional required documentation at the time the child's reservation is made, or shortly thereafter. The minor is required to bring the original signed, notarized copy of the Consent Form and other required documentation to the airport and have it available with his/her raised seal birth certificate and passport or photo identification. Copies of birth certificates will not be accepted. All documents must be certified copies or raised seal originals. The information provided to Flight Options at the time the minor's reservation is made will be compared with the original signed, notarized Consent Form and other required documentation. The minor will retain the original Consent Form and other required documentation for the purpose of entering the foreign country.*

1. Minor traveling with only one parent: Passengers under the age of 18 traveling between the United States and any foreign country, when accompanied on the trip by only one parent must provide Flight Options with a copy of the Consent Form signed by the parent who is not traveling and notarized by a Notary Public.
2. Minor traveling alone: Passengers under the age of 18 traveling between the United States and any foreign country when not accompanied on the trip by any parent must provide Flight Options with a copy of the notarized Consent Form signed by both of the parents. [Note: Minors who are under 14 years of age are not permitted to travel without being accompanied on the trip by another passenger who is at least 18 years of age.]
3. Separated or divorced custodial parent: Passengers under the age of 18 traveling between the United States and any foreign country without his or her custodial parent (whether or not the minor is traveling with his or her non-custodial parent) will need to provide Flight Options with a signed and notarized copy of the Consent Form executed by the custodial parent and a notarized copy of the applicable child custody documents.
4. Separated or divorced parents with joint custody: Passengers under the age of 18 traveling between the United States and any foreign country with only one of the custodial parents will need to provide Flight Options with a signed and notarized copy of the Consent Form executed by the parent who is not traveling with the minor child and a notarized copy of the applicable child custody documents.
5. Deceased Parent: Passengers under the age of 18 traveling with only one parent and the other parent is deceased must provide Flight Options a notarized copy of the deceased parent's death certificate.
6. Legal Guardian: Passengers under the age of 18 traveling with both of his or her legal guardians, and not with his or her natural parents, must provide Flight Options with a notarized copy of the applicable documentation (e.g., guardianship decree) establishing that the individuals have legal guardianship of the minor. Minors accompanied on an international trip by only one legal guardian must provide Flight Options a notarized copy of the Consent Form signed by the minor's other legal guardian, if any, who is not traveling with the minor and a notarized copy of the applicable documentation establishing that the legal guardian traveling with the minor and the legal guardian signing the Consent Form have legal guardianship of the minor. If a minor is traveling with only one individual who has sole legal guardianship, Flight Options must be provided with a notarized copy of the applicable documentation establishing that the individual has legal guardianship of the minor.

If the Consent Form is not properly completed and any other required documentation is not provided, the minor child will not be allowed to travel internationally. This requirement is strictly enforced and failure to provide the signed and notarized Consent Form and other required documentation will delay the start of your flight.

* Individual foreign countries may have additional documentary requirements to establish the relationship of the adult to the minor and permission for the minor to enter the foreign country. Parents and guardians are advised to contact the appropriate foreign government agency to ensure that their child has the appropriate documentation prior to departure.
