# OUR DESIGNERS

GIUSEPPE  
NICOLETTI

Head designer and CEO of Nicoletti Italia influences furniture fashion around the world. His vision plays an important role in Lazzoni's design direction and style.

JOYCE  
ELIZABETH

Joyce resides in NYC and has been developing her own signature line with the company. We are proud to introduce her design sense to the world; yet have her as our own.

ANDREA  
ROSATI

Andrea's visions have been turned into reality through Lazzoni for years. He is currently working in the Architecture Office in Studio Dell Architetto Andrea Spazzolini in Rome.

Silent and effortless closing; We use **BluMotion®** soft closing technology from Blum, Austria. Built into many of our products, this system keeps doors and drawers from slamming closed.

Choose from various leg options to match your wood finish

# WOOD OPTIONS

Lazzoni custom wood surface colors come in 3 different options. Smoked oak, Walnut and Maple. We use high density engineered wood instead of solid wood to be more resourceful, more **Eco-friendly** and to promote sustainability for a better world. Lazzoni engineered wood is more **resistant** to scratches and water damage than solid or veneer surfaces.

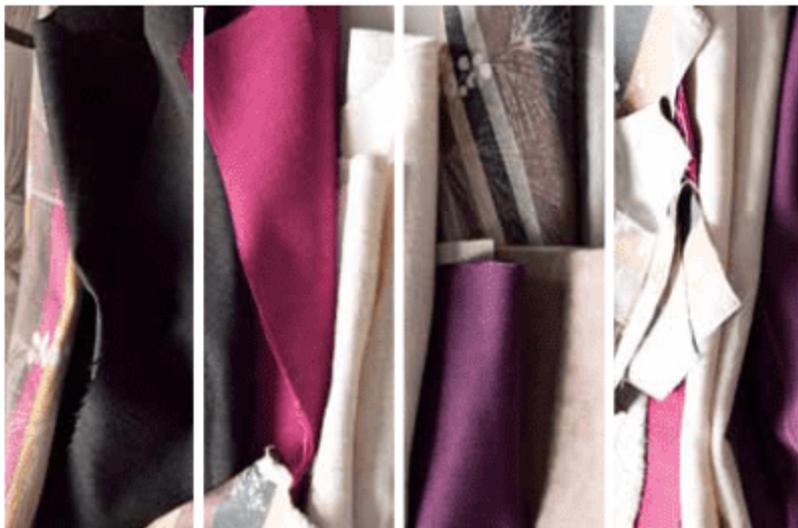

# FABRIC & TEXTILES

We pride ourselves with our **high-quality fabrics**. Over 80% of our fabrics are supplied from the world renowned textile shops of Bursa, Turkey. Fabric is the most important element for a sofa. All Lazzoni seating units are available with over **200** different fabric and textile **options**.

**Quality control** and delivering the best is our priority. To make use all the products are made to the best quality and spotless we spend more time in quality control than production.

# LETS MAKE A SOFA..

All of our sofas are made with a stainless steel frame. It is lighter, greener and more durable than a traditional wood frame.

The front, back and sides of the sofas are re-enforced with MDF boards for maximum durability. Details do matter.

We pride ourselves in supplying our fabrics from the world renowned textile houses of Turkey.

Quality and comfort is never enough for our designers so we add sleeping functionality to many of our sofas.

Comfort is our top priority. We hand stretch elasticated straps under every cushion to maximise the seating comfort.

After placing the cushions we use an extra layer of white softening fibers to ensure comfort and long lasting durability.

As if the sleeping functionality is not enough, Lazzoni designers incorporate seamless side storage.

We work night and day to bring you the best quality at the best prices. Moreover, we are committed to adding functionality and beauty into every product.
