Hi Kim and Brad! We have just placed the aqua rug you did for us and it looks great! It came with a very nice thick squishy rug pad which we love. I'm wondering if we can get the same padding for the other 4 guest bedroom rugs sent with the woven cotton rug when that ships out? The first rugs we received didn't come with this padding, only a very thin meshy sticky nonslip type thing which adds no cushion. Would this be possible to get? Thanks very much,  
Sarah
