Beef stew will be ready by tomorrow afternoon.

There are new steaks due to arrive at LSJ today but I will pack a few more just for good luck.

Karyna- I will have the steaks and stew in preportioned containers and in a cooler bag ready to go at 71st. You will just have to put ice packs in the bag(they will be in the freezer) and you're all set. Please let me know if that works for you. If you have time tmrw to come by I can show you exactly where everything will be so there is no confusion.
