██████

Is ███ code

I know we have a reservation for 6 people at 7:30pm at Del Posto. So far me, you, JE and ████, so with ██████ and ███ it will be 6. If you want more people, I'm sure we can increase reservation.

Hey ██████,
Just wondering if you've been doing reservation for our dinner on May 31st? I'd like to check with ██████ and ███████, to see if they would be able to join us, but want to make sure there will be no issues with current reservation if I do that. Let me know please.
Thanks:)
