Is the cable something I could find in NY and bring with?  
Jeffrey said he wants to be able to also plug his iPod into the stereo systems. Do we have this option? Should I bring iPod docks and auxiliary cord connectors for the 2 stereos?

There are charging docks for the iPad in the relax room and flag pole pool.

The sonos, phone and data is in running at the relax room but the fiber run

that supplies the flag pole pool with phones, music, and data is still broken the new cable was ordered and is scheduled to arrive next week.

Hi Jermaine,

JE will be coming to LSJ this Sunday. Is there anything you need him to bring on the plane?

JE had mentioned we should have ipod docks at both stereos in the chill room

and the pool cabana. Is this something I should bring with or do we already

have it hooked up now? Thanks..
