Hey guys..not sure who is going with JE tomorrow to LSJ, but can you make sure the dishes from Gien from Artedona go with him as well as the napkins and linen placemats that arrived recently. Also, I'm expecting a package from England from Mitre Linen which JE needs to look at. It's a towel for possible pool towels for LSJ as well as a sample of another sort of towel. He needs to look at and approve and I will order more if he likes them. Let me know pls if this has arrived yet. Thanks!
