Hi [REDACTED],
Yesterday i increased your limit \$500 for car rental as per JE request. As you can see from below other charges were made that exceeded your limit of \$3500 by \$329.71. That was the reason that Hertz charge was declined. Please explain charges other than Hertz. I need to lower your limit back to \$3000 unless you will receive JE approval for a higher limit. You can start using your card after May 10th.
