Subject: Excellence in Implant Dentistry - Dennis Tarnow

Date: Fri, 29 May 2015 18:57:37 +0000

Dear Shuliak,

The continuing evolution in implant dentistry leads to simpler, less traumatic and more predictable protocols. However, in-depth understanding of the principles of implant dentistry is crucial to achieve optimal outcomes.

In his course, Dennis Tarnow will teach you the current protocols, will introduce innovations on all aspects of implant dentistry and will clarify current controversies. He puts great emphasis on the esthetic outcomes of treatment and the understanding of the biology behind.

These four days of one-on-one with this world renowned clinician will certainly raise your implant practice to the next level.

DT1_1501_V3

From this interactive course with only 15 other colleagues, you will take home:

- Timing of extraction and implant placement
- Periodontal consideration around implants
- Sinuslifts. Surgical grafts materials. Membranes
- Pros and cons of new surface textures and implant shapes
- Immediate vs. delayed implant placement
- Treatment planning for advanced perio-prosthetic cases
- Treating the serial extraction case
- Can we treat failing implants successfully
- ... and much more

As a prosthodontist and periodontist, Dennis Tarnow will give you clear guidelines for the interplay between surgical and restorative aspects of implants.

Dennis Tarnow, D.D.S.

Limited to 16 participants!

Controversies and Innovations in Implants and Esthetics

CE Credits: 32

July 30 - August 2, 2015

Only 2 Seats Left!

"This was one of the most comprehensive courses I have attended on the subject. It has been an honor to learn from someone I consider a brilliant mind in the field." - Ben Lashley, General Practitioner, North Platte, NE

Call me today for more information or to register for one of the **Last 2 Seats:** [REDACTED].

I guarantee you this course will take you to the next level in Implant Dentistry.
