Hi Peter, sorry not to have gotten in touch yesterday. It was a crazy busy day for me and I'm traveling early this morning. If it works for you to come by the house today to look at the kitchens, I can have Richard show you around. He knows everything there is to know and can answer any questions. I've copied him on this email if you want to let him know what time works for you. The address is 9 E 71st St. I will be flying until 12:30pm and will touch base once I've landed. Thanks!
