Hey [REDACTED].. [REDACTED] is asking if you could check on Ballie in her apt today. She flew with us to LSJ yesterday and was meant to be back by yesterday night, but we had plane trouble and she wasn't able to fly home yesterday. Now JE needs her and Larry to fly the plane to PB tonight, so she probably won't be home till tomorrow morning. Her code for 11E is 03108. Can you pls just make sure she has water and food and give her a little bit of love? Lemme know if this is OK. thanks chica.
