Subject: Prepare for Winter Storm Juno

Date: Mon, 26 Jan 2015 04:42:20 +0000

Plan ahead and stay inside

Instacart is working hard to staff up in anticipation of the winter storm, but tough road conditions will limit our delivery windows and availability starting Monday afternoon.

Keep in mind when placing your order...

- » Stores may run out of basic items as customers stock up for the storm. More items than usual may be out of stock.
- » Checkout lines will be longer than usual, and ice and snow may slow our bikers and drivers en route to your door. Orders may take longer to fulfill as a result.
- » Can't find an available delivery window? Keep checking back, as we are continually adding more shoppers!

We're working hard to deliver your winter essentials this week while also keeping our shoppers safe. We appreciate your patience, and stay warm!
