Hi Dr Shuliak,

Just send in everything else in the meantime and email or fax a copy of the malpractice when you get it. I cannot renew without the liability. I know they are working to resolve details this week.

Best Regards,

Subject: DDS license renewal

Dear Ms. Richardson,

I am in process of renewing my dental license in USVI that expires on September 30th 2016. According to the board's requirements, all the papers must be submitted by September 1st. However the office of risk management can not send their letter yet, since they are still waiting for the release notice from another government office, according to Ms. James. I have contacted Ms. James from the office of risk management numerous times in the past 3 weeks regarding this issue, however she is unable do anything before she gets the release notice. Therefore, I believe the given timeline of September 1st might not be reasonable.

Please advice.

Thank you,

Dr. Shuliak
