Greetings Karyna,

I spoke with Mango Tango this morning. He expects to have the first photo delivered back to the STC office this coming Tuesday, 7/5/2016.

At that time, he can pick up the large frame that is presently stored in the conference room, awaiting installation of plexiglas.

Kind regards, Daphne

Sorry, I was asking about the frame for Cabana 1, that needed to be adjusted.  
Sylvester is working on a different frame, but let's check on that as well please.  
Thanks.

Hi Daphne,  
Just wanted to check on the progress with the photo frame that initially was to big, did they give you any time when it should be done?  
Thanks,  
Karyna.
