I've scanned my invoices for SLK Designs into 2 groups, one which I've paid sales tax, and one that I haven't. The one that I haven't I don't believe I have to pay sales tax at all because the items were shipped from a different country, or shipped from a different state straight to LSJ so they wouldn't charge sales tax regardless even if I told them I want to pay the taxes.

It's possible I might have another order or 2 before the end of the month. I will forward those invoices on if I place anymore orders with SLK Designs
