HI Ion, I may want you to paint another apartment at 301 if that's OK. I will ask JE if he wants you to start on any other projects when I have the chance. He's currently out of the house and will be for most of the afternoon. Maybe it's best to leave the materials at 301 if another apt needs to be painted..

hi [REDACTED]

i will go a little later today to 66th st, i have a few receipts i want to give to bella. in case the paints and the painting supplies are still in [REDACTED] apt i could eventually get a cab and bring to the house.

besides, i was wondering if jeffrey want me to start any project...so i could come to the house today to meet him. can you please ask him about that?

thank you,
ion
