HI [REDACTED]

Looking over things from this list..

what happened to the curtains that used to be in my office? [REDACTED] assuming we will need to get totally new ones made?

Wendy had the ottoman recovered in TV room and looks really good

Media room curtains are nasty! I never noticed that before.. will have to replace for sure

Will have a look at master bedroom.. haven't had a chance yet.

Anything else I should look at and address while I'm here.. will also have a look at managers cottage. How does that usually work, do they get an amount they can spend and pick their own furniture, or do we need to purchase and furnish before they get here?

Good Morning [REDACTED]

There needs to be a review of the following on the Ranch

No curtains in your office - rod still in place.

Curtains in media room - still the old lace/blackout ones that I installed 6 years ago as a temp fix, Covered in dog pee stains

Major water damage from water leak on the slip covered sofa, chairs and ottoman in TV room - Ottoman is really bad, have been dry cleaned but has made no difference

Master Bedroom Curtains - faux leather splitting in many locations, I have already used the 2 yards of faux leather which was in storage for repairing the bed cover. I have been unable to locate anymore fabric, noting this was a Pinto installation. I can solve the problem by removing the faux leather edging from the vertical drops - giving us more faux leather for repair. I do not believe you would even notice this, but being the master bedroom JE should know

Reminder that there are 2 very large wool/silk rugs in storage at the Ranch, possible use at LSJ?

There are many problems/repairs needed everywhere but these are an easy fix.

Warmest regards

PS: I have told Wendy to place the existing table in the Estancia in the wood shop and Steve will review repair so at least it could be used elsewhere - metal brace underneath whatever. If JE comes before the new table arrives, noting it will need to be stained to match the leather/wooden chairs, our dining table will be used as it has been for the last 2 visits.
