Subject: Latest Updates in Composite Excellence – Didier Dietschi

Date: Wed, 13 Apr 2016 19:22:39 +0000

Dear Shuliak,

Clinical and Scientific Updates in Bio-esthetic and Minimal-prep Composite Dentistry

Benefit from the tremendous clinical experience and extensive research of Didier Dietschi, the world master in esthetic and adhesive dentistry, coming from Geneva, Switzerland.

His constant refinement of techniques and improvement of composite materials allows you to achieve perfect bio-esthetic restorations. In four days of intense hands-on and personal mentoring Didier Dietschi will refine your skills in direct composites to the highest level possible.

Learn directly from the Master and return to your practice with new skills which will enable you to achieve restorations most dentists can only dream of.

You will instantly raise your skills in:

- "Bio-Aesthetics" - a new approach
- Esthetic diagnosis, mock up, shade and material selection
- Invisible transition and finishing lines
- Natural layering concept - polychromatic and effect shades
- Direct veneers - morphological determinants
- Semi-direct and indirect shell techniques
- Interceptive treatment for abrasions and erosions – a full mouth concept

The benefit for you after 4 days intense hands-on:

- Understand the full potential of modern composite materials
- Combine different restorative techniques for the most minimally invasive approach
- Achieve predictably, case after case, outstanding esthetics and longevity
