Hi [REDACTED],

I am following up again about the samples for Mr. Epstein's plane. Has he responded to any of them in a noteworthy way? I will need to re call the samples soon, but if you are working on them please hold on to them.

I know Mr. Epstein was looking for something navy and soft like silk but not silk. If there is any more detail for this project I love to review it with you. Perhaps we can get lunch one day this week to discuss?

Let me know what works for you.

Thanks,
Dani

Good Morning [REDACTED],

I hope you had a nice long weekend.

Has Mr. Epstein made any decisions regarding the carpet for his plane? The hand tufted navy sample which we sent on Tuesday May 23rd is the quality we believe is most suitable for his needs. Like I mentioned before, if he wants to achieve more sheen in the pile we can hand tuft wool and shiny nylon.

Let me know how I can help! I love to assist in any way possible.

Best,
Dani

Hi [REDACTED],

Great! Did Mr. Epstein like the quality of the sample we sent yesterday? Do you remember which ones he kept? Keep me posted on what he likes! If you have any questions please reach out.

You can send a messenger for the remainder of the samples. That would be great

Thanks,
Dani

Hi Dani,

Thank you so much, yes, we did receive the sample yesterday. From the samples you gave to me last week, Mr. Epstein has taken 2, to see them on the plane. And the rest are ready to be returned. Shall I messenger them to you?

Thank you very much for your help!

Best regards,

██████████

Hi ██████████,

I hope you are well! I sent the navy blue hand tufted sample uptown to Jeffrey's apartment yesterday. Was it received?

This sample is 100% worsted wool, with a loop tip shear pile. This is one of the most superior carpets for high traffic areas.

Marc has agreed this is the product to use, as it is incredibly durable. I know you had mentioned Jeffrey was looking for something silk like but not silk. We can make the same navy sample with a blend of wool and shiny nylon instead of all wool which would add a beautiful sheen, and softness to the carpet while still remaining durable. Additionally, this carpet will pass all Fire testing's and is certified for plane use.

Please let me know his thoughts. I would love to continue working with you on this.

Best,
Dani
