Hi Karyna,

See photo 1 it looks darker the real color is a lighter taupe, this is for the bedroom 100%  
linen

photo 2 is white that for the (LR) 100% linen

I looked at my original notes this was the pattern that I wrote down, for LR/Bedroom

The kitchen is a Translight Shade in (white) = roller shade

The total with tax and delivery, fabric, Install is= \$3,543.88

The kitchen with tax and delivery and, Install is = \$223.85

please check the color for bedroom - its more taupe.

So can I place the order. See attachments.

Thanks
