Hi Karina

I have organized a car service to collect you from your place on Saturday morning, the 26th, at 6am and take you to JFK.

The car service is called Citicar and the confirmation number is 9732.

When you return on the 30th they will collect you inside the airport at baggage claim and take you home. They will have a sign with your name. The reference number for the return is 9733

Please remember to bring your passport and any other documents you need to travel with. Although it is still the United States you will go through customs when returning and will need your passport etc.

Look forward to seeing you soon. Please call me if you need anything.

:)
