Thank you Karyna, this information is helpful. Kurt is really busy finishing a project today, so I'll let him know about the themes and hope to get back to you tomorrow.

All the best,

Elizabeth

Hi Elizabeth,

Yes, there are 3 panels.

The themes, that the owner is in particular interested in are science, finance or music.

Please let me know if you have more questions, otherwise looking forward to your proposal.

Thank you!

Karyna.

Hi Karyna,

It looks like there are 3 panels -- is that right? Are you looking for a particular theme (landscape, religious scene, etc.) or should Kurt make a suggestion? It is helpful to know something about the owner or their interests to make the best suggestion possible for the panels.

Knowing the theme will determine the complexity and then I can send you the cost.

Best,

Elizabeth

Please see attached the photos of the walls, each side is 20 feet wide x 40 feet high.

Please advice what would be the next step..

Thanks again,

Karyna.

Hi Karyna,

Kurt has worked on large scale private commissions for 40 years. He has done everything from entire church ceilings in Italy to homes in AD magazine. To see some of his permanent fine art work please go to the website: [REDACTED]

It is a bit difficult to "find" the various portfolios, but from the link above you will be taken to a page that scrolls horizontally (move your cursor over the right hand side of the page and it should start to move). The various portfolios are accessed by clicking in the lower left hand corner of the larger images, the smaller ones can be clicked open and they have information. If you have any question just let me know. If you are interested in a price, we need to know the size of the artwork, if there is a particular theme, and the medium (oil mural, sculpture, etc.).

I look forward to hearing from you. Below are two screen shots to show you where the portfolios are.

All the best,

Elizabeth

Hello,

A client in New York City would like to have a large scale wall art created in his NYC townhouse. Would that be possible for you to do?

Thank you in advance,

Karyna.
