Importance: normal

Priority: normal

 Superior Value, Selection, Quality and Service

Dear [REDACTED],

Your Fabric.com order has been shipped to you via UPS.

Please use the following information to track your order.

To track your order, please visit the UPS web site at <http://www.ups.com/>

Out of stock items, gift certificates, promotions and items added after the order was originally placed will be on the invoice included with your order.

If multiple tracking numbers appear for the same order, your order was split into separate shipments and a tracking number has been provided for each. If the same tracking number appears for more than one order, that means multiple orders have been combined and shipped together as a single package.

All items purchased at fabric.com carry a 30-day money back guarantee. If you would like to return an item from your order, please contact Customer Service for assistance. Please inspect the contents of the package(s) as soon as the order is delivered to ensure that you have plenty of time to take advantage of our 30-day money back guarantee. We will be unable to issue any type of refund after the 30-day guarantee has expired.

We thank you very much for shopping with us.

Best regards,
Fabric.com Customer Service
