He didn't finish yet, but he said he can start painting in the living room. Come have a look at any time, can you just coordinate with Sue please, as I am in school morning to evening. Most of the furniture was removed yesterday. I spoke with the super a while ago about the cable, he said they can do it. I asked Sue to make sure the guys move it, but they didn't yesterday, so I'll remind her.

Thanks Erin. Yes, if you can call in for discount that would be great. Could you please copy Ion in the email with the details, as I might not see it for a while if I am in clinic.

Thanks again!
