I have already paid via Paypal invoice yesterday, so all the eBay charges can now be removed.
Thank you.

Dear snooky007,

This email is a request from your buyer user id:ps1531ff who purchased an item from you with an item # 331123081724. The buyer is trying to pay for an item however the invoice shows the amount of the item amounting \$45.00 and additional charge of \$45.00 that will charge the buyer for a total of \$90.00. You may check the invoice and you can also send the buyer a revised invoice.

Hope this will help resolve the problem. Please contact us if you need further assistance.

Thanks for choosing eBay!
