Do you want super white for both bedroom and living room?

I have been hounding Andrew, the super intendant for an answer about us changing the dishwasher for the washer/dryer unit as he seemed to have concerns about the plumbing. I'm waiting for an answer on that so I can schedule the appliances all at once. I've sent about 5 emails about it now and will keep calling him till I get an answer.

Yes we should take all the doorknobs off, which I think Michael can do, select new ones and also decide on the ceiling light if you want to change it.( outside the kitchen. Michael should also look at the wiring in the apartment. Any unnecessary wiring should be removed before he paints.
