1. On th island i told you I did not think conversations about sex was going to helpful. I told you I didn't want to talk about it, as you react in silly ways. you asked me to give you examples of silly thinkging. and I did. (add [REDACTED] to the list) 2. I have suggested that complaining is not helpful. (I didn;t get the only thing I really wanted for my birthday)and that emotional accusations re massage frighten me. and violate the agreement that we made on day one. (I don't think it is fair for you to audit who and when might use the room in my house.). 4 . You asked what skills I thought you should learn, , I told you tyoing would last the rest of your life. after making the same suggstion numerous times I gave up . as i have no intention of getting into a disagreement over typing. I decided that if you wanted to learn you woudl and if you didn't , you didn't. I tried the same suggestion with sex, to be told in response to why are you telling me again, I said in the kindest , gentlest of ways, I was trying to share my opinion with you,, your response " well I have my own opionions .). we were laying in bed on the island. I told you June would be a difficult period. I want you to be happy as I know you want me to be . I find it very difficult to hear you complain . over and over and over. I have tried to make jokes of it. I have tried to understand it. I have tried to set aside time when no one else was around so that we could have more private time. I didn't realize that being animlaized on thurs was so different than friday. . I will call you this mornig to discuss . I love you . I tell you first thing every moring and last thing every day. it appears this is not enough.
