---

Greetings Karyna,

I will be perfectly honest with you and say I think it is high (\$4,475.00). The crating and shipping costs combined are more than 58% of the value of your purchase (\$7,600).

But maybe it is very reasonable considering we want white glove service with the packing, etc.

I think we should have Rich review and give his thoughts.

Kind regards, Daphne

Good afternoon Daphne,

Does the shipping quote from Kathryn look good to you? Shall we proceed?

Thank you,

Karyna
