Dear Russell,

Please find here enclosed the drawings for the Master Bathroom and the answers in green to your questions;

1. idea and dimensions for the artwork above the staircase  
Please find here enclosed the image of the painting.  
The dimensions are exactly the ones in between the existing frame.
2. golden light fixtures on the side walls above the staircase: would you like to change gold finish on them?  
They should stay with the same finish. Thanks.
3. paint color and finish for the walls around the staircase  
It should be exactly the same than the existing one. Thank you.
4. dimensions for the canopy around the chandelier above the staircase  
What do you mean by canopy?
5. plan and drawings for the bathroom area  
Please find it here enclosed (not updated with the closed sides).
6. specifications for the bathroom faucet  
The faucet should be the same than the one for the steam room that will be issued on Monday.
7. wall openings on both sides of the bathtub: would you like to leave them or close?  
It should be closed.  
In the alcove, with the same finish on both side like the existing back wall.  
In the corridors, the finish should be mirrored.
8. drawings for the steam room area  
See last mail.

Best regards,

Lionel VILETTE
