Oh shit! Just sent you an email as well. He actually might be coming to Paris next week! Bad timing! If he does come, I will definitely let you know.

How much before? probably after is better. Let me know if you know more concretely when you'll be free.

I'm touching base with [REDACTED] on his plans tonight. Would you be free before or after 8pm depending on his schedule? I think he has a work dinner tonight and not sure 8pm will work.
