I'm not in the country right now. I was going to have my colleague pick up the samples today from the doorman and bring to me as she is flying to meet me tomorrow. Is there no way to get the samples dropped off today?

Hi Colette,
Do you have a sense of when the samples might be done? If it's possible for me to get them by the end of the week, that would be very helpful. Please let me know if it's possible. thanks

Hi Colette,
Is it possible to get a small square sample of wood flooring for both the Ebony and Country White stain by chance?

That is an old chart and those colors are discontinued

The chart that I gave you is the up to date stain chart

Hi Colette, I found this Dura Seal stain chart online and noticed it had 2 additional colors on the bottom than the chart you gave me. Would the Stone Grey also be a color option and would it be the same pricing as Country White, or the Ebony?

Thanks, [redacted]
