Hi Anthony,

JE would like glass shower doors put on the tub of 8H. He seems to think there is a door which would be mirrored on the outside, but still be able to see through the glass from the inside of the tub.

Do you have a shower door company you use that I could speak to about it? Also, I know you mentioned you can refinish the old tubs that are there. Is that something easily done? Do they just spray a new protective coating on it? I'd like to have it done to 8H and 10F tubs
