hi [REDACTED],
sorry for bothering..but can you please talk to rich kahn? i dont know whats happening.. i just talk to him
and he asked me to give him a firm price for painting these apts... he said that he found other painters who are
cheaper....etc... but now michael is in his way to new york... its embarrassing
thank you,
ion

OK thanks..
I may have the wood floor refinishers replace the base molding.. might be easier for them to do, and maybe
Michael can replace the crown molding on the ceiling in 8H.
The floors in 8H are being started tomorrow, and they will be finished on Friday, so if you and Michael want
to start painting 8H on Monday the 28th? Then 11P should be ready to start painting also on May 31st.

hi [REDACTED],

..yes, i went with [REDACTED] today and we checked all the apts. and i told her all the details..

anyway, the time to do the apts would be like 3 days for studios and 4 days for apts, maybe 5 for the bigger one, with two people working. i'm just approximating the time..but it might be faster..or longer? we will see after first apt.

[REDACTED] said that you want to change the crown molding in one apt... and i suggested to change the base-board too, eventually in all apts. if you sand all the floors then would be much nicer with new base-boards... i told [REDACTED] that maybe michael can do that.. instead of getting an contractor. michael is good in that, he might need only to rent from home depot a machine for cutting corners..

.....
so [REDACTED] said wednesday they will sand the floors so maybe thursday we can start painting (prime, and then two coats of paint on everything)

thank you,

ion

I know each one is a different size, but just an approximation would be great. thanks I'm just trying to schedule other work around the painting
