Hi [REDACTED]

Brice just noted that you probably do not need the shop drawings - the vanity cabinet base is 30"  
I will be leaving GSJ in about an hour and will give you the measurements of the old vanity tops that I have stored in Cost U Less  
Sorry about all the Back and Forth  
Warmest regards  
Karen

Hi [REDACTED]

Brice will forward shop drawing so you have all measurements, as I have nothing to go on  
So be be clear we are going to have 3 different stone surfaces not including the floor in each cabana bathroom  
If you are going to buy pre-made vanity tops, we will need to see photos or better still samples so contractor can get the best match for the large countertop  
Please advise  
Thanks  
Warmest regards

Hi [REDACTED]

I spoke to Jeffrey about the sink tops for cabanas. He still wants to have the measurements. He said he doesn't mind if it won't match the countertops of the cabinets.  
Could you please send it to me when you get a chance please. I know you are busy with the furniture now, so when you can.

Thank you!
