Ok - all cabinets for bathroom Cabanas have been ordered
Where planning on purchasing countertops via EB, working on all being the same material and color
Having difficulty finding a true white Granite but could use another material
I believe Brice sent you some selection which he can get samples to you and all could be a go within the week
Reference outside wooden furniture, concerned about the weather conditions, will need to make some adjustments to their structure and bases
I will speak to the carpenters tomorrow and see what we can come up with
Dining chairs very light and not that strong, but better than the chairs you have at the moment
We can make it work at least for the short term

Hi [REDACTED]

Brice will forward shop drawing so you have all measurements, as I have nothing to go on
So be be clear we are going to have 3 different stone surfaces not including the floor in each cabana
bathroom

If you are going to buy pre-made vanity tops, we will need to see photos or better still samples so
contractor can get the best match for the large countertop

Please advise

Thanks

Warmest regards

Hi [REDACTED]

I spoke to Jeffrey about the sink tops for cabanas. He still wants to have the measurements. He said
he doesn't mind if it won't match the countertops of the cabinets.

Could you please send it to me when you get a chance please. I know you are busy with the furniture
now, so when you can.

Thank you!
