Just spoke to JE and he said I should let you know when would be a good time to deliver. If they can deliver on a weekend (as long as it's not more expensive) then that would be best :) This way I can make sure I am there to receive it. If not, I can ask Josh to run home to accept the delivery.

Thank you so so so so much :)

Hi [REDACTED]...

Sorry for the delay! My email was not coming through on my bb (no wonder it was a quiet evening!) so just catching up.

Is delivery really expensive? I spoke to Rich yesterday and he said you received quotes as high as \$4,000?!?!?

If it's not too expensive then we could have it delivered and put in the garage?

Please let me know whatever is easiest and cheapest for you.

Best,

[REDACTED]

Hey [REDACTED]. Just checking in about delivering your new stove. Are you ready for it, or if not do we just deliver and put in your garage?
