Dear Karyna,

Attached is the proposal I promised to send to you. It has taken a bit longer than I anticipated, but I wanted to make sure that all i-s were dotted and t-s crossed. I look forward to discussing this exciting work with you.

Letty Moss-Salentijn, DDS, PhD
Edward V Zegarelli Professor of Dental Medicine
(in Anatomy and Cell Biology)
Vice Dean for Curriculum Innovation and IPE
[REDACTED]
CUMC, PH 7E-122
